

Remarque : une copie du document ins-01000 de conformité contenant tous les standards ainsi que la déclaration de conformité est disponible sur : <http://paxton.info/3011>

Le dispositif doit accepter toute interférence reçue, y compris des interférences qui peuvent causer un fonctionnement non souhaité. L'appareil a été conçu et est conforme aux exigences de sécurité pour l'exposition RF conformément à la norme RSS-102, comme démontré dans une analyse d'exposition RF à une distance de séparation de 5mm. Ce dispositif est conforme aux standards RSS de l'industrie Canadienne sans licence. Le fonctionnement est soumis aux deux conditions suivantes : (1) ce dispositif ne doit pas créer d'interférences nuisibles et (2) ce dispositif doit accepter toute interférence reçue, y compris des interférences qui peuvent causer un fonctionnement non souhaité. Tout changement ou modification non agréé par la partie responsable de la mise en conformité peut entraîner une interdiction d'utilisation de l'équipement.

Industry Canada

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

The device has been designed and complies with the safety requirements for RF exposure in accordance with RSS-102 as demonstrated in a RF exposure analysis at a separation distance of 5 mm.

Note: A copy of the compliance document ins-01000 with full conformity standards and statements is provided at: <http://paxton.info/3011>

La déclaration de conformité est disponible dans sa totalité ici: <http://paxton.info/3910> Pour nous contacter, visitez <http://paxton.info/596> Pour que l'installation répond aux normes UL, les conditions suivantes sont applicables: Les méthodes de câblage doivent être en accord avec le code national électrique (ANSI/NFPA70), codes locaux et les autorités ayant la juridiction. Quand un câble équivalent est utilisé, il doit être listé UL. Tout appareil d'interconnexion doit être listé UL.

FCC Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference that may cause undesired operation of the equipment.

approved by the party responsible for compliance could void the user's authority to operate the equipment.
